

Q.101: Did you have any of the following unusual income sources during the past week

Gifts were the only unusual income the respondents had. Just over two out of five reported to have received gifts.

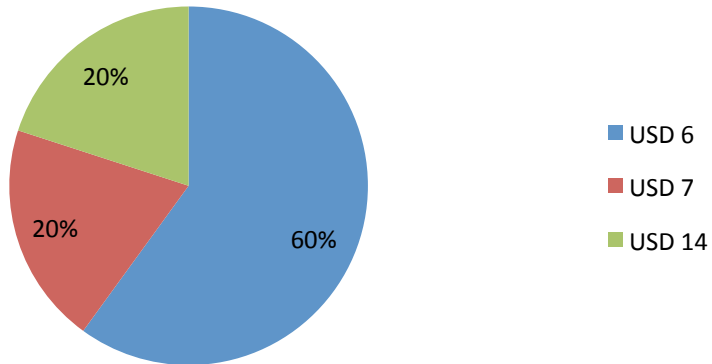

Q.102: How did you receive from the unusual income

Majority of the gifts came in 'monetary' form while the remaining was 'in-kind'.

Q.103: How much did you receive from gifts

How much did you receive in gifts

The most common amount received in gifts was 'USD 6' (three people) followed by 'USD 7' (one person) and 'USD 14' (one person). Please note that seven received a gift, but two of these were "in kind" so the value was not asked.
